- » All Classes are followed by fortnightly test

Amar Dev Singh

HOD IIT-JEE

“ Motivational Educational leader, who has dedicated 15+ years to improve the learning skills of students appearing for IIT-JEE, Pre-Medical, and other competitive exams. During his past career of 15+ years, he has trained students to crack All India Rank 2, 33, 72 & more than 1428 government college selections in medical and non-medical examinations. ”

Divya Singh

HOD Medical

“ Dedicated educator with over 12+ years of experience. Guiding students for NEET & NTSE, she believes a strong foundation gives you an extra edge on a main degree course. Within her career, she has helped students to achieve AIR 1,3,6 in NTSE, AIR 80 in NEET, and more than 957 government college selections. ”

ENGINEERING

For any engineering aspirant, getting into the top institute of the country is of paramount importance, as this is the single biggest factor which determines the aspirants' future career. In a country where there are thousands of engineering institutions, there are a few Institutes of National repute like ITs, NITs, IIITs, IISc. and Birla Institute of Technology.

Joint Entrance Exam (JEE)

JEE Main is for those candidates who wish to get into BE or B. Tech. courses in the National Institutes of Technology (NITs), Indian Institutes of Information Technology (ITs), Indian Institute of Science (IISc), other Centrally Funded Technical Institutes (CFTIs) and engineering colleges of the participating states. The JEE Main is also the eligibility test to appear for the JEE Advanced exam which eventually leads to the admission in ITs.

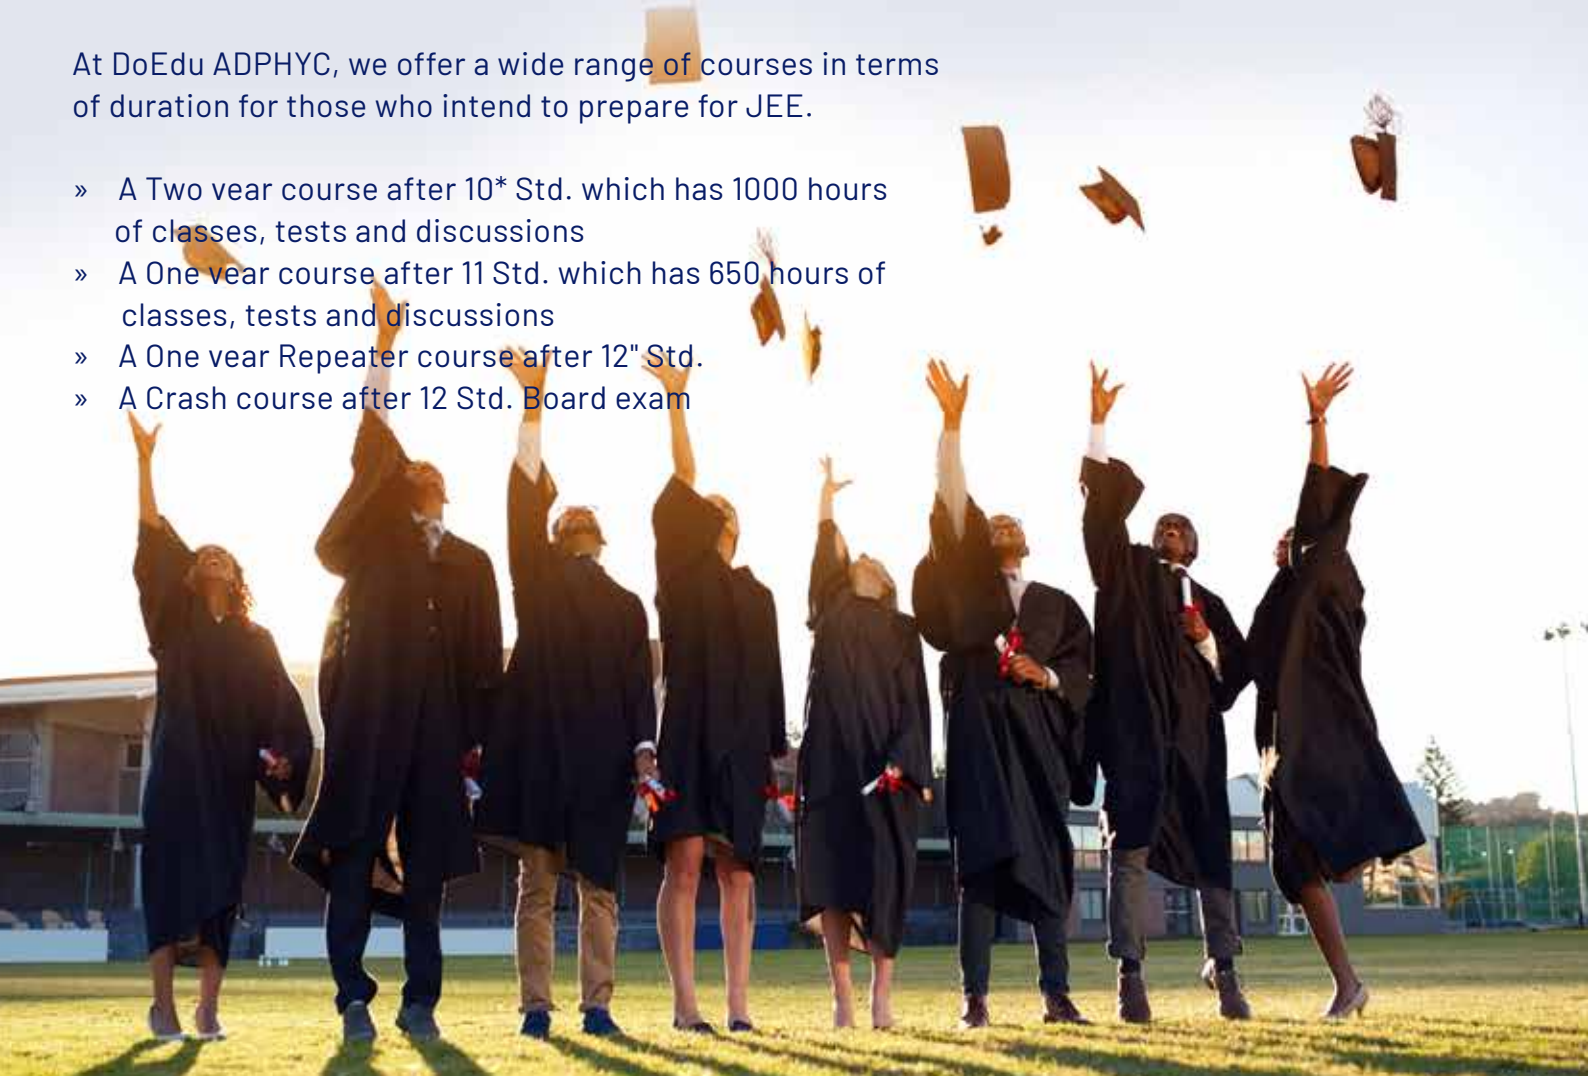

Why JEE coaching with DoEdu ADPHYC Institute

- » Special sessions to build fundamentals and conceptual clarity.
- » Trainina to understand and analvse multiple concerts required to solve problems in a logical and systematic manner.
- » Board support.

- » A One year course after 11 Std. which has 650 hours of classes, tests and discussions
- » A One year Repeater course after 12" Std.
- » A Crash course after 12 Std. Board exam

National Eligibility Cum Entrance Test - UG (NEET)

NEET (National Eligibility Cum Entrance Test-UG) is an All-India entrance exam conducted by CBSE (Central Board of Secondary Education) for admissions to MBBS/BDS courses in India offered by Medical/Dental Colleges approved by the Medical Council of India/Dental Council of India & Armed Forces Medical College except for the institutions established through an Act of Parliament like AIMS & JIPMER.

Why NEET coaching with DoEdu ADPHYC Institute

- » **Conceptual Clarity:** NEET and other national level competitive exams emphasize the need for immaculate fundamentals. Quality time is spent on each topic for exploring the basics, supported by examples, practical applications and practice exercises.
- » **Quick, Accurate Problem Solving Skills:** National Eligibility Cum Entrance Test requires the student to apply fundamentals for solving the problems, quickly and accurately. We teach a logical approach to problem-solving by splitting the problem into manageable fragments and tackling them in a systematic manner.
- » **Integrated Approach:** The most challenging aspect of solving competitive level questions is that they require test-takers to apply concepts from various topics simultaneously. Such problems appear 'unsolvable' at first glance. Solving these questions is a test of the overall knowledge, problem-solving abilities and speed of the student.
- » **Personalised Doubt Clarification sessions:** At DoEdu ADPHYC Institute, we believe that every student is unique, and needs careful guidance and mentoring to succeed in cracking the competitive exams. We keep our batch sizes small to maximise the personal attention. Regular doubt clearing sessions are held and these help in building strong fundamentals to the students.
- » NEET Mocktest analysis & feedback
- » National Mocks
- » We also provide support for other medical entrance exams like AIIMS & JIPMER through special orientation and tailor-made test papers.
- » Special sessions on test-taking strategies & study plans to motivate students in their preparation.

NEET Courses offered by DoEdu ADPHYC Institute

At DoEdu ADPHYC, we offer a wide range of courses in terms of duration for those who intend to prepare for NEET.

- » A Two year course after 10* Std. which has 1000 hours of classes, tests and discussions
